## GC WASH BASIN WITH ELECTRONIC CONTROL

It is fitted with the same mixer tap as the TS2000N, made in France, tripped by an infrared detection cell: an additional choice of wash basins combining **sturdiness, reliability, water savings and a competitive edge.**

## CONNECTION PLATE BETWEEN UNITS

Fewer legs: **easier cleaning.** It is now possible to insert a connection plate between two units in your set-ups. This gives rise to improved **aesthetics** and fewer and more distanced legs not getting in the way of the cleaning scraper.

## A WIDE CHOICE OF PRE-SORTING UNITS

Development of wall pre-sorting units: they come with a rear splash back, 100 mm high and are supplied with new bag holders, 600 mm high, arranged behind hinged doors accessible under the tray rest.

**New option:** tray rest that can be lifted up to facilitate bag extraction.

## COMBINED WASHING UP TABLES

Sorting tables arranged at the interface of the dining area and the washing up area. Made-to-measure stainless steel construction. Tray-rest the **dining side** and smooth top arranged on wall or on legs to organise sorting. **The washing up** side has a roller area with diamond point base + evacuation to evacuate racks to the dishwasher.

## ENDLESS SELF-SERVICE POSSIBILITIES FOR YOU

Fancy a border to decorate your Bambino self-service line, laminate tray-rest, stainless steel or granite rear panel on a dining room unit? For units against a wall, are you looking for a straight, rear edge, controls on front panel, cladding of the technical compartment and doors on storage compartments?

**You can now directly cost all these options from the Tournus price list.**

## BAMBINO HEATED UNITS FOR IN-LINE LAYOUTS

Now trending are in-line layouts of bain-marie units and units with toughened glass top to save space. Tournus Equipement is developing an additional range of heated units: 900 mm high and surrounded by units of 720 mm high, they boast a laminate-clad front and stainless steel sides. The tray-rest is 620 mm high in keeping with the surrounding units
