Snack bin

Waste collector for snack bars and fast food outlets. Stainless steel construction. Top with rim for placing trays. Swing flap for waste. Mobile stainless steel front with a base at the rear and a very rigid 4 mm thick flat surface for supporting the bag.

This device allows for easy bag placement and removal, which is held in place by an elastic strap.

Description	Capacity (litres)	Height (mm)	Overall dim. l×w (mm)	Reference
Snack bar bin	110	1236	444×480	<u>804 395</u>
