

The Tournus assets

Wide choice :
manual, electronic soap
dispenser, soap pump.

Ergonomics and sustainable development :
tap with infra red detection cell made in
France. Reduced water consumption thanks
to immediate stop of flow on removal of
hands.

Also available with knee-operated tap

Easier installation :
thanks to the fixing strip at the
rear of the splash-back

Hygienic :
oversized basin (350 x 275 mm,
depth 80 mm).

Eye-catching :
one-piece. The basin, lip and back-
splash assembly is made in one piece.
Streamlined design.

Inset bin :
This recess allows straightforward installation of
the wash basin, regardless of the room taken up
by the water inlet and evacuation pipe.

Complete kit :
comes as standard with nail
brush, bin, electronic tap,
connection hoses, sink pipe trap
and wall bracket.
