

# GN CONTAINER TRANSPORT TROLLEYS

These trolleys are designed for draining and storing GN containers, grids, trays, covers after they have been washed by hand or machine. Four new references are available, with an additional length of 678 mm (18 slots) and the option of having all three models delivered flat-packed.

## EASY STORAGE

The trolleys have 4 levels. They are suitable for storing items of the following formats: GN 1/1 and GN 1/2, any depth. The second level is removable, and can be stored on top of the first level, which then allows GN 2/1 containers to be inserted with the (long) side first for storage in the lower part. The trolleys are fitted with 2 easily foldable locking bars for each level. The containers can be loaded from either side. Once the containers have been put in position, the locking bar is lowered to prevent the containers from moving sideways in order to prevent them from falling. Since the containers are separated, they will drain under optimum conditions so they will be easily removed when they are needed. In other words, this system avoids any difficulty in separating the trays which can happen when they are piled on top of each other.

## TECHNICAL CHARACTERISTICS

### Construction :

- Stainless steel.
- Tubular structure 25 X 25 mm.
- Stainless steel wires, Ø 6 and 4 mm.
- Removable second level making it possible to store GN 2/1 containers.
- 2 horizontal bars forming a barrier, easily folded away when the containers are going to be inserted.
- Annular bumpers.
- Grid can be removed for cleaning

### Wheels :

- 4 swivel wheels 2 with brakes - Ø 125 mm with round bumpers - Polyamide cover, stainless steel axles and ball bearings - Non-marking rubber tread.

Reference	Description	Overall dim. l x W x h (mm)
805 600	Trolley with 18 slots per tier	678 x 620 x 1754
805 601	Trolley with 18 slots per tier (flat pack)	678 x 620 x 1754
805 603	Trolley with 38 slots per tier	1278 x 620 x 1754
805 604	Trolley with 38 slots per tier (flat pack)	1278 x 620 x 1754
805 606	Trolley with 51 slots per tier	1668 x 620 x 1754
805 607	Trolley with 51 slots per tier (flat pack)	1668 x 620 x 1754
