

The CHR furniture range is designed for use in small communal settings and restaurants. Offering high quality and prices in line with Tournus standards, it is made entirely from stainless steel sheet metal. This range is limited in terms of dimensions and is not available as a made-to-order product.

CATERING TABLES

Stainless steel worktop, 12/10 mm thick, backed with a water-repellent laminate panel and reinforced with a profiled frame. 40 mm high skirting and 100 mm high backsplash with straight edges. Stainless steel legs, Ø 38 mm, set back 65 mm at the rear on tables with a backsplash and 55 mm on central tables. Adjustable levelling feet. Height 900 mm (+0/30 mm). Crushed folds on the worktop, backsplash and shelf. Delivered flat-packed in plastic film. Very quick assembly via interlocking joints.
